Please refer to bursar.temple.edu for the current tuition and fee schedule for your intended school/college of study.

The above figures are based upon the following assumptions:

- Estimated annual tuition rate increase: 3.60%
- Estimated annual mandatory fee increase: 3.60%
- The rate increases have been applied to the current tuition rates to calculate your estimated overall degree completion cost.
- Estimated rates above are based on full time enrollment per semester (fall and spring semester; taking between 12-18 credits a semester).
- Individual users need to calculate rates annually based on the appropriate college/campus/major/level/residency and the number of credits you plan to enroll in at that time.
- The information provided about historical tuition and fee increases is not a guarantee of future costs; actual tuition and fee rates are set each year by Temple University's Board of Trustees.
