Tuition Policy:
TEMPLE UNIVERSITY

Full-time employees are entitled to full tuition remission for up to eight credit hours per semester in Temple University undergraduate colleges for either undergraduate or graduate courses. No tuition remission is available for courses taken in Temple's Schools of Law, Medicine, Dentistry or Podiatric Medicine, with the exception of specially designated graduate courses as determined by the Dean's office of the specific professional school. In the School of Pharmacy, tuition remission is limited to undergraduate programs.

Employees are eligible for tuition remission benefits the first day of the semester after their hire date. Employees who terminate their employment with Temple University after the start of the semester for any reason other than official retirement will continue to receive the tuition remission benefit through that semester only. Employees and their eligible dependents must remain in academic good standing.

A staff member cannot be both a full-time student and a full-time employee, simultaneously.

Legally dependent children of full-time employees are eligible for tuition remission for up to ten semesters to complete their degree in Temple University's undergraduate program only. Children may be full-time matriculated students, or they may be part-time matriculated or non-matriculated students. The dependent child must be less than 24 years of age when initially enrolled in this program. Non-bargaining employees and faculty, as well as some bargaining employees and faculty, hired after a specified date are eligible for 50% dependent remission in the first year of employment, 75% dependent remission in the second year of employment and 100% remission effective the start of the semester after 3 years of employment. If the eligible employee is hired before the specified date, then the dependent children are eligible for 100% remission.

The spouse of a regular full-time administrative employee (T-26 and above) or full-time faculty member is entitled to one-half tuition in Temple University undergraduate colleges for either undergraduate or graduate courses, whether enrolled full-time or part-time.

Any requests for exceptional treatment must be made to the Benefits Appeals Committee (BAC) by the appropriate Academic Vice President on behalf of the student, prior to the beginning of the semester.

Graduate and spousal tuition benefits are considered a taxable benefit. The value of these tuition benefits will be included in the employee's taxable wages and all applicable taxes will be withheld during the year the tuition benefits are received.

The Tuition Remission program includes expenses for tuition cost only; any other fees are not covered under the program.

Retirement Policy:
TEMPLE UNIVERSITY

Full-time employees and faculty are eligible to participate in either a Defined Contribution Plan or a Defined Benefit Plan. The plan that they are eligible to join is dependent on their job classification and collective bargaining agreement.

There are several different contribution levels under the Defined Contribution Plan.

Most employees and faculty are eligible to participate at a level in which the contribution amount is based on the annual Social Security wage base as follows:

Source	Contributions	Base Annual Salary
Employee	4.5%	up to the SS wage base
	+5.0%	over the SS wage base
Temple	8.5%	up to the SS wage base
	+13.0%	over the SS wage base

An alternate level of contributions available to some non-tenure track faculty is that if eligible faculty members contribute 4.5%, the University contributes as follows:

Date	University Contributions
January 2015	Contribution of up to 4.5% of Base Salary
Feb to June 2015	Contribution of 4.5% of Base Salary
July to June 2015	Contribution of 5% of Base Salary
July to June 2016	Contribution of 6% of Base Salary
July 2017 to June 2020	Contribution of 7% of Base Salary
July 2020 and after	Contribution of 7.5% of Base Salary

An alternate level of contributions available to some union employees is a University match based on years of participation. The level of service varies from less than 3 years to more than 8 years, and the match varies from 3% to 8.5%.

Another alternative level of contributions available to some union employees is a University match based on employee level of contribution. Enrolled employees receive a University contribution of 4% or 4.25% regardless of whether they elect to contribute. However, if they do elect to contribute, then the University match will increase on a schedule to between 5% and 8.5%.

Employees are vested in the University's contributions after either three or five years of participation in the Plan.

Contributions under any of the variations may be allocated between Fidelity Investments and TIAA (Teachers Insurance Annuity Association). Fidelity Investments and TIAA offer various investment choices including growth funds, equity funds, bond funds, money market funds, balanced funds and target allocation funds.

Vested Contributions may be withdrawn from the Plan after separation from service. The form of withdrawal is at the discretion of the participant, subject to the approval of either Fidelity Investments or TIAA. This may take the form of lifetime monthly annuity payments; full, partial or systematic withdrawal; interest-only payments; rollover to another account; or any combination thereof.

The Defined Benefit Plan that is available to certain collectively bargained employees is a contributory plan that provides an annuity benefit at retirement. The benefit is determined by multiplying average monthly earnings times years of credited service times 1.6% less an offset for Social Security. Normal retirement age is considered to be 65, but a reduced benefit is available after the employee has attained age 55 with at least 10 years of service. Vesting in this plan requires five (5) years of participation.

In order to participate in this Plan, employees must contribute 2% of base earnings up to the amount of the Social Security wage base for the year, and 4% of the balance of earnings.
